Hypothetical results are for illustrative purposes only. Chart represents the growth of a \$100,000 investment at varying interest rates and time periods. Assumes no withdrawals during the time periods. Investors should consider their personal investment horizon and income tax brackets, both current and anticipated, when making an investment decision, as these may further affect the results of the comparison. Actual interest rates and values may be higher or lower than shown.

Not a bank or credit union deposit, obligation or guarantee		May lose value
Not FDIC or NCUA/NCUSIF insured	Not insured by any federal government agency
